PAPER

**Please find below and/or attached an Office communication concerning this application or proceeding.**

The time period for reply, if any, is set in the attached communication.

### REMARKS

1. An examination of this application reveals that applicant/inventor is unfamiliar with patent prosecution procedure. The inventor is advised to (1) call USPTO Information Line and Patent Assistance Center (1-800/PTO-9199) (recommended) or (2) consult with a registered patent attorney for how to change the correspondence address.
2. The Office cannot aid in selecting an attorney or agent. A listing of registered patent attorneys and agents is available on the USPTO Internet web site <http://www.uspto.gov> in the Site Index under "Attorney and Agent Roster." Applicants may also obtain a list of registered patent attorneys and agents located in their area by writing to the Mail Stop OED, Director of the U. S. Patent and Trademark Office, PO Box 1450, Alexandria, VA 22313-1450.
3. The examiner instructs the invention how to change the power attorney and the correspondence address in the previous action and in the telecommunication on November 2007; otherwise, the inventor will not get any mailed letter from the Office.
4. The inventor is advised that he is responsible for his correspondence address in communication with the Office in the future.
5. It appears that the inventor does not file a paper for changing the correspondence address as advised by the examiner. In response to the final rejection, the inventor states in his remarks about his new address. However the examiner does not have authority to change the new address in PALM.
6. It appears the status identifier to claims filed May 6, 2008 is improper. For example, the cancelled claims 1-34, 39-45 in papers filed Dec. 1, 2006 and Dec. 6, 2007. In response

Art Unit: 2873

to the final rejection, the applicant now identifies claims 1-4 (canceled), claims 5-18 (withdrawn), claims 19-34 (canceled), claims 39-45 (withdrawn).

7. For the above reasons, the examiner believed that he cannot input any more his own examining time to help this inventor.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Huy Mai whose telephone number is (571) 272-2334. The examiner can normally be reached on M-F (8:00 a.m.-4:30 p.m.).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ricky L. Mack can be reached on (571) 272-2333. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (571) 272-1562.
